SUMMARY

Operations executive with 10+ years managing large-scale technical implementations and cross-functional teams. Recently completed dual Computer Science & Mathematics degree and Technology Management master's from Yale University to formalize technical expertise. Specialized in bridging business strategy with engineering execution, with proven ability to coordinate complex technical projects across global teams and stakeholder groups.

CORE COMPETENCIES

Technical Skills: Python, C/C++, Rust, Go, SQL, AWS, API Integration, System Architecture Review, Agile/Scrum

Leadership Strengths: P&L Management (\$8.2M), Cross-functional Coordination, International Operations

Domain Expertise: Technical Product Management, Operations Scaling, Process Optimization, Stakeholder Management

PROFESSIONAL EXPERIENCE

YALE UNIVERSITY

New Haven, CT

Teaching Fellow, Teaching Assistant, ULA and STEM Tutor

2022 - 2025

- Led technical instruction for 500+ students across AI, Algorithms, LLMs, and Information Systems courses
- Created curriculum content and technical review sessions, partnering with faculty on course development
- Applied hands-on AI theory through case design, system constraints analysis, and technical implementation guidance

DIIVE

Cape Town, South Africa

Consulting Mentor & Project Coordinator Intern

Summer 2024

- Coordinated over 100 interns for a consulting internship in Cape Town to tackle real-world business challenges
- Streamlined client-facing operations, aligned strategic deliverables with business goals, and improved outcomes with 66%+ approval rate through data-backed insights and served as liaison between consulting teams and local startups

SHOPPINGGIVES (ACQUIRED BY CPG.IO)

Chicago, IL

Agency Partnerships and Business Development

2019 - 2022

- Served as primary technical liaison between business development and engineering teams, conducting technical stack audits for 40+ eCommerce partners and evaluating API compatibility
- Coordinated deployment timelines and technical requirements for enterprise clients including major retail brands (Nike, Coach) during complex technical integrations

INNERWORKINGS (ACQUIRED BY HH GLOBAL)

Chicago, IL

Technical Supplier Relations Manager, EMEA and LATAM

2018 - 2019

- Coordinated technical deployment of VALO platform across 22 countries, managing implementation for 2,500+ suppliers and collaborating with engineering teams on system integration and GDPR compliance
- Directed 12-person international team managing vendor workflows and high-value contract negotiations (\$5M+ deals) while ensuring technical compatibility

Earlier Career Progression: Advanced through operations leadership roles including Director-level positions managing \$8M+ P&L and 85+ person teams, demonstrating consistent promotion and scaling expertise across complex operational environments with proven ability to coordinate cross-functional initiatives and drive organizational growth.

EDUCATION

YALE UNIVERSITY

New Haven, CT

Master's in Technology Management from the Yale School of Management

2025

Bachelor of Science in Computer Science and Mathematics from Yale College

2024

- Graduate Concentration: AI & Technology Strategy
- Member: Artificial Intelligence Club, Data Analytics Club, Entrepreneurship Suite
- Co-President, The Eli Whitney Student Society | Board Member; Yale Society of Hispanic Professional Engineers
- John Lewis Research Fellowship – Neural networks/Fourier Analysis research under Sterling Prof. Ronald Coifman
